PROFESSIONAL EXPERIENCE

Enilon | Senior Content Strategist

Fort Worth, TX | 2016 - Present

Advised clients on how to best communicate with the various personas within their target audience(s), through thoughtful UX, content consumption best practices, and a little psychology. Created brand-wide messaging, storyboards, personas, journey maps, and social media posts that drove seven-figure transactions on down. From Fortune 10 brands to mini-sites - my strategies were instrumental in the intelligent and effective construction of content that served as the bridge from intent to conversion.

Virtual | 2001-2016

Agency work. Non-profits. Individuals. Literary endeavors. B2B and B2C. Digital/Print. Web copy. Emails. In short: a wide variety of work which was picked up by Reuters, AP, Chicago Sun-Times, and other outlets.

TCU/descant | Associate Fiction Editor

Fort Worth, TX | 2016 - Present

Acquire new titles, work with potential authors, and manage the slush pile (this is a pro bono position with a minimal timesink - but great for the brain).
